BIG SHIPMENT OF HOPS.

Come From Fatherland Direct to Salt Lake Firm.

A shipment of German hops weighing 5000 pounds has just been received by the Salt Lake Brewing company from the Sait Lake Brewing company from the Fatherland Upon their arrival in New York the hops were detained at that port, the exporter being anxious that the duty be collected there. Word was wired to J. J. Greenewald, surveyor of the port in this city, who immediately made arrangements to have the shipment forwarded here and the duty paid at his office. Mr. Greenewald would not give out the amount of duty collected, but it is understeed that it was something like 12 cents a pound.

stood that it was something like 12 cents a pound.

Mr. Greenewald has several times succeeded in having goods brought through this port and the duty paid here, when the exporters were anxious to have it otherwise, and through his efforts many hundreds of dollars have remained in Salt Lake that a less enterprising collector would have allowed to go to New York. So zealous haz Mr. Greenewald been in nocking after the interests of this port that a bonded warehouse is likely to be created here in the near future.
